[Subscriptions](#)

The IIDA Index is an opt-in program. To maintain a subscription to the Index, firms are required to provide project data that will be scrubbed and aggregated together to provide various [Reports](#).

Only subscribing firms that submit data will have access to view the IIDA Index. If your firm stops submitting data on time (i.e. January 31st of each year), access to the IIDA Index will be suspended until your firm's data is submitted.

We recognize that the data you are submitting is highly confidential which is why we utilize online and offline security technologies, procedures, and measures. We employ Secure Socket Layer (SSL) data encryption, password authentication and monitoring features, and world-class infrastructure for data systems in a secure environment with physical and network security measures.

We require all participants to execute the Service Agreement attached below detailing precautions and procedures for the handling of your confidential information.
